OPERATIONAL CONTEXT AND KEY RESULTS:
DanChurchAid is working in Zimbabwe, a country facing the serious negative impact of climate change, protracted economic and political crisis. In response to the operational context DCA works with local implementing local partners to achieve the following:

- **Resilience building**, supporting 48,000 households translating to approximately 240,000 individuals
- **Climate change related disaster response** including **drought and cyclones** 240,000 individuals
- Interventions to address **Food Insecurity** facing 29,000 individuals. These include cash transfers to improve food purchasing power in peri-urban settings such as Epworth near Harare
- DCA works with partners in supporting **smallholder farmers** to enhance food and income security, reaching a total of 48,000 households
- In 2019 DCA in coordination with other agencies fed 5 million people facing **food shortages** in both rural and urban settings
- DCA is working with **churches** to promote social cohesion through **peace building initiatives**

WHAT WE DO:
In Zimbabwe DCA focuses primarily on three programmatic areas namely;

- **Right to Food:** DCA supports smallholder farmer households to improve production and productivity while mainstreaming resilience building, value chain development, climate change adaptation and mitigation.
- **Humanitarian Work:** In Zimbabwe, DCA supports individuals affected by disasters including drought, flooding and economic crisis, to meet basic needs and restore their livelihoods.
- **Active Citizenship:** DCA aims to enhance active citizenship by promoting social cohesion through peace building initiatives.

HOW AND WHERE WE WORK:

DCA works with partners in Manicaland, Mashonaland West, Masvingo, Matabeleland North and South provinces, Harare metropolitan and Bulawayo metropolitan provinces of Zimbabwe.

- In **Manicaland**, DCA is supporting households affected by cyclone IDAI with early recovery and psycho-social support to church and community leaders.
- In **Matabeleland North and South**, DCA works with partners, under the auspices of the Zimbabwe Resilience Building Fund supported by the UNDP in Insiza, Lupane and Matobo districts.
- In **Harare** metropolitan province, DCA is piloting urban cash transfer programming to households in Epworth and other districts coupled with complementary livelihood work.
- In **Mashonaland West**, DCA is supporting smallholder dairy farmers to participate in an innovative milk value chain.
- The church-led peace building work covers **Bindura district in Mashonaland Central, Epworth District in Harare, Mzilikazi in Bulawayo, Gweru and Kwekwe in Midlands province and Mutare and Chimanimani in Manicaland**

DCA Zimbabwe is grateful for the support from our donors:
